A Card.

COLUMBUS, O., Dec. 22, 1866.

We take great pleasure in jointly announcing to the musical public, and all others interested in having an eminent artist amongst us, that Mr. Albert Gemunder, late of New York city, has arrived, and intends to make this city his permanent residence, a fact which we hail with joy.

We have been acquainted with this gentleman, more or less, for the past fifteen years, and take pleasure in recommending him as one of the most thorough and artistic ORGAN BUILDERS, PIANO TUNERS and REPAIRERS in this country. From the fact that the country is overrun with incompetent workmen in that line, we take this method to make him known to the public, being satisfied that he is the most competent and reliable workman we know in his line of business.

HERMAN SCHIRNER, Prof. of Music.
OTTO DRESEL,
F. A. CHERRIER, Prof. of Music.
CARL SCHOPPELREI, Prof. of Music.

Orders for Mr. Gemunder left at Seltzer's Music store, headquarters for *Knabe and Steinway's* celebrated Pianos, will receive prompt attention.
