

PLACING NEW ORGAN.

Work was started a week ago in putting up the new \$2500 Bates & Culley pipe organ in Seibert U. E. Church, at Ninth and Liberty streets. It will be finished by Saturday evening. Two men are erecting it and putting it together.

The new carpet will also be laid this week.

There is only one hitch in the new work that will delay the dedication. A strike of brass workers in Philadelphia is holding back the chandeliers.
