 Width of Key-bed Standard Stop Controls Stopkeys  
 No. Manuals Two Wind Pressure 4 1/2"  
 To be Completed As soon as possible Blower Pipe furnished by Purchaser

PITCH: A-440

## SPECIFICATIONS

GENERAL: The church is to provide suitable space for the organ. The existing space is satisfactory, except that the height must be raised from the present of 9'7" to 10'7" flat ceiling. As this increased height will place the organ chamber ceiling close to the roof of the church, it will be necessary for the church to install double heavy insulation above the ceiling, to protect the organ from heat and cold. All preparations to be made at the church's expense from plans by M. P. Moller, Inc.

### GREAT ORGAN (Enclosed with Swell)
