

### Recital on New Pipe Organ.

The new pipe organ which has just been installed in the United Brethren Church at Mount Joy was formally opened with a recital on Thursday evening by Prof. William A. Wolf, organist of the Moravian Church, Lancaster, assisted by good vocal talent. The organ cost \$2,000. A portion of the purchase price was donated by Andrew Carnegie and by Benjamin F. Garber, a member of the church and a leading member of the choir. The recital was one of the finest musical events ever held in Mt. Joy. The builders of the organ are Messrs. Bates & Culley, of Philadelphia.
