

GAVE NEW PIPE ORGAN TO BELLEFONTE CHURCH

THE ORGAN AND MRS. D. H. HASTINGS, ITS DONOR

Special Telegram to THE TIMES. BELLEFONTE, April 12.
Only second in interest and importance to the dedication of the remodelled Methodist Episcopal Church here on Easter Sunday were the services last evening. The occasion was that of the formal presentation to the church of the new \$3,000 pipe organ by Mrs. D. H. Hastings, wife of former Governor Hastings, and incident to the presentation a grand organ recital was held in which some of the best talent in the State participated.
When the question of remodeling the Methodist Church was brought up by Pastor Suriner and the matter duly discussed by the congregation and finally decided upon then the further question of a suitable pipe organ arose. The congregation felt that in burdening themselves to the extent of \$15,000 for remodeling their edifice was almost the limit. In the dilemma Mrs. Hastings voluntarily offered to furnish the organ without a cent of expense to the congregation.
