

This Agreement, Made this 11th day of July 1957, by and between M. P. Möller, Inc., a corporation, of Hagerstown, Maryland, hereinafter called the "Manufacturer" and West Side Methodist Church hereinafter called the "Church" whose address is 900 So. Seventh St., Ann Arbor, Michigan,

Witnesseth: That the parties hereto, each in consideration of the promises and agreements of the other party herein contained, do promise and agree as follows:

Manufacturer agrees:

1. To manufacture an organ after and according to the annexed specifications and to plans of the organ location space to be hereafter submitted by the Manufacturer and to erect said organ in organ chambers provided in the Church

ready for use on or before the 23rd day of March 1958, or as soon thereafter as possible in the event of delays beyond its control.

2. That the organ when completed shall be first class, free from defects in material or workmanship, and that the Church may have it examined, immediately on completion, in the presence of a representative of the Manufacturer, by a competent and disinterested expert; if said examination shows that the organ does not conform with this Agreement, Manufacturer will, at its own expense, make it so conform.

3. To guarantee and does hereby guarantee the action and construction of the organ for a term of five (5) years from the date of completion, against defects in material and workmanship; and agrees at its own cost to correct any defects in either material or workmanship that may be brought to its attention within that time. This guarantee does not include tuning or ordinary care of the organ (or electric motor and generator which are guaranteed by the manufacturers thereof for one year), nor does it include any difficulties with or failures in the mechanism or operation of said organ which may be brought about by failure properly to protect, service and care for the same or by misuse or abuse thereof.

The Church agrees:

4. To pay to Manufacturer the sum of \$ 14,875.00 as follows:
First Payment: 10 % or \$ 1,487.00 on signing of this Agreement.

Second Payment: 25 % or \$ 3,718.00 when the organ is ready for assembly at the factory, and the balance as follows: 15% on completion (\$2,232.00); the balance (50%; \$7,438.00) by cash, or payable on four equal semi-annual notes bearing 6% interest.

\$ 9,251.75 Int.

5. To pay any and all federal, state and/or city excise, sales and/or use taxes applicable to the transaction evidenced hereby; said taxes to be paid according to law to such person or authority as may be proper, in addition to the above price.

6. That the building and organ location space will be in proper condition for installation of the organ three weeks previous to the above mentioned date of completion.

7. That at and after the time of delivery it will provide all necessary light, heat, power, and uninterrupted opportunity to install said organ under such conditions as are necessary for proper tone regulation and tuning.

8. At its own cost to cause to be done, furnished, provided and/or installed: (a) Any necessary foundation and enclosures for the electric motor and blower, (b) all wind conductor between blower and organ, (c) all wiring connected therewith, (d) such lights as may be needed for the installation and future care of the organ, (e) any necessary cutting of floors, partitions or other parts of the building, (f) automatic remote control motor starter, electrical conduits or other special equipment when required, and (g) skids, block and tackle or other proper mechanical apparatus when organ chambers are so located that organ parts must be hoisted.

9. To carry out the provisions of Paragraph 8 hereof promptly and diligently so that installation of said organ is not delayed.

10. To assume and does hereby assume all risks of damage to or loss of said organ and its parts from and after such time as the same are placed in the building where the organ is to be installed (except such damage or loss as may directly result from the acts of the Manufacturer or persons making said installation of it); and at its own cost and expense immediately upon such delivery, to insure said organ and its parts against loss or damage by fire, water and other risks provided for in standard fire insurance policies containing extended coverage endorsement, in such manner and to such extent as will inure to the benefit of and fully protect the parties hereto, as their respective interests may appear.

It is mutually agreed:

11. That cabinet work (except as necessary to enclose the console), grilles, panel work, etc. are not included in this Agreement.

12. That in the event manufacturer of the organ is delayed beyond the anticipated date of delivery mentioned in the Agreement by reason of governmental regulations, and during such period of delay the Manufacturer's labor and/or material costs shall increase to such extent that it believes, in good faith, that it cannot manufacture said organ at the named price without loss, the parties hereto will negotiate in good faith for a reasonable increase in price; in the event of failure to agree upon such increase, either party hereto may cancel this Agreement by written notice to the other; and upon such cancellation the Manufacturer shall promptly return any payment or payments theretofore received by it under this Agreement.

13. That the organ, when completed and installed, will in every event be and be deemed to be, and be treated as personal property; that the title and ownership thereof shall be and remain in the Manufacturer until the purchase price and any and all promissory notes given in respect thereof (together with all applicable interest thereon) have been fully paid, after which said organ shall become the property of the Church; and until the completion of payment as aforesaid the organ shall be held by the Church and/or other owner or lessee of the premises in which the same is contained in trust for the use, benefit and security of the Manufacturer, free, clear and excluded from any lien, mortgage, pledge or other encumbrance of whatever nature, except such as shall be expressly subject and subordinate to the right, title and interest of the Manufacturer as herein expressed.

14. That this Agreement shall be binding after, but not before, acceptance by the Manufacturer at Hagerstown, Maryland, where said organ is to be constructed in its plant; and that all verbal agreements and understandings are merged in this agreement and the specifications attached hereto, which constitute the entire agreement.
