

Meridian St. M. E. Church.
Indianapolis, Ind.

We hereby agree to rebuild the pipe organ in your church as per specifications attached hereto, including new three manual console with modern couplers and accessories as specified, remove the present bellows and furnish separate wind reservoirs instead, add Echo organ as specified, connected to main organ by electric action, furnish and install wind conductor from the blower to echo chamber in the tower of the church, retune and tone regulate the entire organ, leaving everything in first class shape.

In consideration of the above you are to pay us the sum of (\$4400.00) on the satisfactory completion of the work, and all materials from the present organ not used are to become our property.

It is further understood that you are to furnish necessary light, heat and electricity for the blower while the work is being done in the church and to enclose space for the echo organ as per diagram furnished by us. Work to be completed in the church before Feb. 28, 1917.
