d. Blowing Apparatus: Blowing apparatus including motor to be placed in room under stage. Electric wiring and conduiting from main to motor are not included.

e. Aeolian Compound-Windchest System: Aeolian Compound-Windchest System to be used, if builders are notified before work on organ is begun.

Approved
Harold Turnbull

CONTRACT.

We hereby agree to build an Aeolian Pipe Organ in accordance with the foregoing specifications and General Details, which are hereby made a part of this contract, of the highest attainable standard of quality in both workmanship and materials throughout, and to deliver and instal the same complete in the residence of Dr. Henry Barton Jacobs, Baltimore, Maryland, on or before October 15th, 1907, for and in consideration of the sum of Seven Thousand, Five Hundred ($7,500.) Dollars; payment to be made as follows: $5,000. in cash when in place complete, and balance within ten days after acceptance by owner's representative.

The Organ to be at purchaser's risk by fire on and after arrival on his premises. In case residence is not ready by time of arrival of organ parts to permit installation, the purchaser agrees to receive, store, and assume insurance of organ from such date of arrival.

We hereby guarantee the above Organ for a term of One Year against any imperfect materials and defective workmanship, and hold ourselves in readiness to correct at our own expense any troubles arising from above causes within such time.

The Aeolian Company,

.....

Pipe Organ Department.

Accepted by,

Henry Barton Jacobs

This Twentieth day of February 1907.
