

ORGAN DEDICATION

MAY 11, 1986 — MAY 18, 1986

FIRST UNITED
METHODIST CHURCH

COLORADO SPRINGS,
COLORADO

THE ORGAN

The 1986 Reuter organ is the largest pipe organ in Colorado Springs with 82 ranks of more than 4700 pipes which are controlled from a console featuring four manuals with keys created from rosewood and walnut. The console contains 108 draw knobs, 27 tilting tablets and 77 thumb and toe pistons which operate the four-memory computerized combination action.

Among the outstanding features of this superb instrument is a set of tinkling bells called a Cymbelstern which is used especially in Baroque music to add festive color, and both a full-length 32' Posaune and a VI rank 32' Grand Cornet in the pedal organ. The magnificent facade, which carries pipes of zinc and polished copper, contains the Trumpet en Chamade, extending horizontally from the front of the organ case.

THE SPECIFICATIONS

GREAT ORGAN (II)

- 16' Violone
- 8' Principal
- 8' Bourdon
- 8' Violone
