

NEW ORGAN DEDICATED.

With Appropriate Services at
Christ Church Last
Evening.

There gathered in Christ church last evening a large audience to attend the dedication services of the new organ presented by Mrs. Herbert Francis Munn as a memorial to her husband who died last summer.

Frank Taft of Montclair played the organ and the following program was rendered to the pleasure of all present, giving an excellent idea of the grand music obtainable from the instrument, its capacity and resources:

| | |
|--|--------------|
| March, Pontifical.. F. de la Trombelle | |
| Serenade | Taft |
| Communion | |
| Fantasia in C minor | Batiste |
| Vorspiel, "Lohengrin" | Wagner |
| Largo "Xerxes" | Handel |
| Pilgrim's Chorus | |
| Romance | "Tannhauser" |
| Grand March | Wagner. |

The vocal selections were also pleasing.

The program gave a minute description of the organ, which was made by L. C. Harrison & Co. It represents the highest development in modern organ building. The action is tubular pneumatic throughout, with console reversed. It has 1341 pipes, 23 speaking stops, 17 couplers and mechanical accessories, and two manuals and pedals; compass of manuals C₂ to C₄, 61 notes; compass of pedals C₁ to F, 30 notes, 2½ octaves.

The front decoration is invisible because the organ is placed in a recess.

Those who attended last evening were unanimous in praise of the instrument and congratulated the members of the church on its good fortune.
