Dear Mon:

The enclosed picture is from the Lutheran Church, Gordon, Pa., and shows the doors into the Sunday school building. These doors will be built shut the same as the wall and the organ grille will be built in the same as shown on the prints and suggested in my letters.

There will be a bill coming along for this picture.

When you send the print show the grille in place and I will get a contract for it.

Sincerely yours

John Butubaugh.

P. S. Our secretary is on vacation.
