SPECIFICATIONS

The organ to be entirely new excepting that the casing and display pipes of the present organ are to be used as they are, but the organ builder is to furnish panel to close the opening where the present keyboard is now located. The builder to have the right to use all pipes of the present organ that are adapted to this specification, or other used pipes that he may have which are in first class condition. All pipes used however to be thoroughly cleaned and repaired, retone, regulated and retuned, and all metal stops to be equipped with slide tuners. Parts of the present organ not used and the present motor to become the property of the organ builder.
