

NEW ORGAN.—A large and handsome organ, built by Mr. Samuel Bohler, of Reading, Pa., for the New Lutheran Church at Pottstown, was placed in that edifice last week. For the purpose of trying it, concerts have been arranged for this (Wednesday) evening and to-morrow (Thursday) evening, when Prof. Wood, a blind man, Organist at St. Stephen's Church, Philadelphia, and other musical celebrities, with an excellent choir will be present and take part. It is said to be a splendid instrument.
