

# MRS. MUNN GAVE ORGAN

## Pastor of Church Kept Secret Even from His Wife.

A few months ago Rev. Dr. W. W. Holley, of Christ Episcopal church, Hackensack, announced that some person not a member of the church, had presented him with \$3,500 to be used in the purchase of a new pipe organ. Dr. Holley would not tell even his wife who the anonymous donor was and the entire parish has been guessing ever since.

It remained for the donor to make herself known, and Mrs. Herbert Francis Munn has sent out invitations to her friends to attend the special service at the opening of the new instrument on Friday evening next. Mrs. Munn presented the organ in memory of her dead husband, who was a New York stock broker
