

—The new organ in the Methodist church, one of the two finest in the county, if not the best, and made possible through the generosity of Steel King Andrew Carnegie, through the solicitation of Prof. Cogswell, is to be dedicated to public service on Jan. 15th at a public recital to be given by Harry L. Vibbard, instructor of organ at Syracuse University. Mr. Vibbard was honored by an invitation to play the magnificent organ at the Pan-American, and ranks high among American performers. The recital promises to be a memorable one in Mansfield musical circles.

Harry Vibbard, new organ dedication,
