

THE REUTER ORGAN COMPANY

LAWRENCE, KANSAS

PROPOSES TONAL RENOVATION ON REUTER ORGAN #1505

LOCATED IN

CALVARY PRESBYTERIAN CHURCH

SOUTH PASADENA, CALIFORNIA

JANUARY 14, 1987

The Reuter Organ Company proposes the following work to be done on Reuter Organ #1505, located in Calvary Presbyterian Church, South Pasadena, California:

- 1) Install 8' Gemshorn to play from the console preparation in the Great. Pipes for notes 1-12 will be new, with the remainder of the stop being moved from the 4' Spitzflöte. A new chest and all accessories necessary for proper operation will be provided.
- 2) Move the 4' Koppelflöte from the Swell to the chest previously occupied by the 4' Spitzflöte in the Great.
- 3) Provide a new 4' Hohlflöte, 61 pipes, to be installed on the chest previously occupied by the 4' Koppelflöte in the Swell. A new drawknob head with appropriate engraving will be provided.
- 4) Provide a new IV Mixture for the Great, 244 pipes.
- 5) Provide a new chest for a III Mixture for the Pedal. Pipes for the Mixture will be rescaled and revoiced from the present Great Mixture. All accessories necessary for the proper operation of the Pedal III Mixture to play from the existing console preparation will be provided.
- 6) Revoice seven existing reed stops at the Reuter factory, replacing tongues as necessary. These stops will be completely re-regulated following reinstallation at the site.
- 7) Provide five new Principal pipes for the re-scaling and re-voicing of the present Pedal Octave.
- 8) Clean the grille cloth and walkways in the chamber. Clean the rackboards and toeboards throughout the organ.
- 9) Remove the reed stops to be revoiced, and pack them for shipping to the Builder's shop.
- 10) Install all of the work outlined above in the chamber, assuring proper operation.
- 11) Following the installation of all pipes and chests, the organ will be tonally re-regulated by the tonal staff of the Reuter Organ Company.

Not included in this proposal are the following items:

- 1) Packing and crating of the parts for return to the church.
- 2) Shipping of the parts, either from the church to the Builder's shop or their return.

* Addendum allows for new pipes.

ADDENDUM to the organ specification dated January 14, 1987, by and between The Reuter Organ Company, Lawrence, Kansas, the Builder, and Calvary Presbyterian Church, South Pasadena, California, the Purchaser, witnesseth:

It is mutually agreed by both parties hereto that the following change shall be made in the description of the work to be completed on the organ as covered under the above-referred-to specification.

Replace the present Swell III Mixture with all-new pipes (183), including racking.

In consideration for the above change, the Purchaser agrees to pay to the Builder an additional sum of Three thousand Three hundred Sixty (\$3,360.00) Dollars, plus any applicable taxes, in funds as follow:

~~Upon the signing of this Addendum,~~
~~the sum of \$1,680.00~~

~~Upon completion of the work on the~~
~~organ, the sum of \$1,680.00~~

All other terms and provisions of the specification and Agreement shall remain unchanged.
