A marriage license was issued to Thos. Goins, and Mrs. Susan Jackson, both of Valley City.

Steve Lockard and Wm. Hiser shipped two car loads of hogs from this city to St. Louis Wednesday.

Mr. James Thornton is talking of giving a ball in honor of his dancing class on the 14th of February.

The runaway of a country team created some excitement on Holden street Monnight, but did no damage.

Died, Monday, February 3, 1890, near Fayetteville, of measles, a child of Sam'l Gibson, aged about 2 years.

Valentines have appeared in the store windows, and the inebriate who sees them thinks he's "got 'em again."

The entertainment to be given by the Peak Sisters at the Cumberland church has been changed from Feb. 14 to 15.

Ray Kelley's new houses on East Gay street are about completed. Rev. W. R. Painter moved into one of them today.

Henry Davis, a negro living 6 miles north of this city, died Monday, Feb. 3, 1890, of pneumonia. He was about 35 years old.

"The W. C. Coup Equescurriculum and Prof. Buckley's Horses are endorsed by the clergy and school superintendents all over the country."

The Old Folks Concert, to be given in the Normal Chapel the 22nd, promises to be one of the most pleasing entertainments of the season.

County Collector Wm. Embree received a fine Ball safe Friday and had it placed in position in his office. Its weight is about 4300 pounds.

Recorder Porter issued a marriage license Saturday to Richard A. Allen of Henry, Ray county, and Miss Louisa J. Narron of Warrensburg.

Mr. H. P. Probst, the decorative artist, did some very fine work in the frescoing of the New Christian church. It has been very much admired.

Leo Matthews and Carvest Bros., architects and contractors of Sweet Springs, have located here, and will build a shop near the square in a short time.

Darkness will be a thing of the past in Warrensburg after Wednesday night —Monday's Daily. We might also add that it will be a thing of the future.

With two white and one colored band, the Warrensburg small boy should get his satisfaction of following up the band drummer during the coming season.

At the meeting Monday night of the Y. M. C. A., Dr. J. J. Lafferty, editor of the Richmond (Va.) Christian Advocate, was engaged to deliver a lecture in this city on Friday evening, May 23. Other business of a miscellaneous character was also transacted.

Another large audience greeted Rev. J. S. Myers of Springfield at the Christian church Tuesday night. The sermon was an earnest and eloquent enforcement of "Personal Responsibility." There were two additions to the church. Mr. and Mrs. Dunn.

Another audience which completely filled the building attended the service at the Christian church Sunday evening. An excellent sermon was delivered by Rev. Rains and the vocal solo, "Abide With Me," as sung by Mrs. Dr. Ridge was beautiful and impressive.

The Electric Springs Company has purchased a gasoline gas machine for the manufacture of gas to illuminate the new hotel and the park grounds. The machinery has been received and will be ready for use when the hotel is opened, which will be about March 1st.

William Bell, formerly of Holden, has purchased lots on North Holden street and will proceed at once to put up a steam laundry, supplying it with the latest improved machinery. The plant will cost about $3,000. This is something long needed here and, we believe the enterprise will prove a paying one.

The state of Missouri, for the purpose of taking the next federal census, is divided into eight districts. This county will be in the ninth district, which will be composed of Barton, Bates, Benton, Cass, Cedar, Cooper, Henry, Hickory, Johnson, La Fayette, Monitean, Morgan, Pettis, St. Clair, Saline, and Vernon counties. —Clinton Democrat.

Mr. B. J. Wessell received a most handsome present by mail a few days since. It consisted of an elegant morocco perfume casket, with four Bohemian cut glass bottles, filled with the best perfume. The casket is finished on the inside with the finest of satin, and is altogether a "thing of beauty." He has cause to be proud of it.

A valuable horse at Oglesby & Son's stable belonging to H. H. Stoner was kicked Sunday by another horse in the stable, which fractured his leg. The horse lay down and in trying to rise again broke the bone. The broken member was put in plaster and then strung up with the hope that with careful attention it would be all right. Since the above was written the horse was killed.

Our old friend, Squire Greenlee of Fayetteville, was a caller at this office Wednesday. When the court house question was first raised he thought a $40,000 building was good enough, but after investigating the matter, like the sensible man that he is, he came to the conclusion that $60,000 is none too much. He is now an enthusiastic supporter of the court house proposition in its present form.

No performance of the "Outcast" was given the last night for the good and sufficient reason that there was no audience to usher to, not a single reserved seat having been sold during the day. It is a little hard to account for this, as all who saw the play the night before pronounced it good, and it was supposed they would have at least a moderate sized audience. After buying their railway tickets for Knob Noster next morning, the cash assets of the troupe were 20 cents.

Thirty Days More.

The engine for the electric light plant arrived Tuesday. Mr. Cook informs us that the arrangement he had made to place the dynamo in the elevator has fallen through, and that the light cannot be turned on until the machinery is placed in position at the Springs. This will be in about 30 days.

The New Band.

If the savage breasts of Warrensburg are not soothed during the coming summer, it will not be on account of any lack of music. "The Quarry City Cornet Band" was organized at Elliott' music store Tuesday eve. with members as follows: Isaac Kauffman, president; L. D Everhart, secretary and manager; Frank Elliott, director; James Hamilton, treasurer; I. A. Day, Fred Day, Oscar Brock, Otto Brock, Mort Hamilton and Lin Brammer. This, with Prof. Achenbach's Military Band will give Warrensburg two excellent brass bands.

To Public School Pupils.

The pupils of our public schools will be interested in an offer made by the Youth's Companion. The publishers offer to present a fine large bunting flag, 8x13 feet, with 42 stars, to that public school in each one of the 42 states, which shall send to them the best essay on "The Patriotic Influence of the American Flag When Raised Over Our Public Schools." These essays will be received by the publishers of the Companion until April 1, 1890. The award of the flag will be made as near June 1 as possible, in order that the successful school may float the "Stars and Stripes" over its building upon the Fourth of July, next.

Is there any reason why Warrensburg should not secure this handsome prize?

Chautauqua Business Meeting.

An important business meeting was held at this office last night by the board of directors of the Missouri Chautauqua Assembly.

Dr. Jesse Bowman Young of Kansas City was positively engaged to superintend the work of the assembly and also to teach the advanced S. S. Normal class.

Three special days were provided—Patriots' Day, Tariff Day, and Y. P. S. C. E. Day. Addresses on these special themes will be delivered by men well qualified to discuss them.

It was decided to resume the publication of the Pertle Springs Herald. It will be devoted almost exclusively to the interests of the Chautauqua work.

All present were very hopeful of the Assembly, and have devoted themselves to its welfare with greater energy and enthusiasm than ever before.

The Odd Fellows.

This excellent secret organization in this city has taken on a new lease of life, and Warrensburg will now have a strong and active lodge. After initiation, Monday night, of Frank Carter and John Hicketa, substantial supper was served at Bryson's restaurant, which was partaken of by 72 guests. Those present were, Pole Carroll, H. N. Grebe, G. N. Richards, J. V. Bryson, J. M. Hamb, J. D. Morris, Wm. Camp, John Launers, M. Cohn, H. Rosenthal, W. F. Anderson, Thos. Galyer, W. W. Wood, M. F. Doud, Geo. City Council.

The council held their regular monthly meeting Tuesday night.

The report of the treasurer, saloon, marshal, and collector were received and filed.

Several petitions regarding walks and crossings were disposed of.

Ordinance for extension of city limits passed to next meeting.

The question of widening market street was passed to next meeting.

King street ordered opened.

Petition to open Washington Avenue and McGoodwin street west referred back to petitioners for correction.

Claim of Electric Springs railway company for cost of moving railway laid over till next meeting.

Contract let for repairs on calaboose.

Warrensburg Electric Light Co. granted 30 days extension of time from February 7th to complete contract.

The usual accounts were allowed by the finance committee.

[illegible] WINE OF CARDUI, a Tonic for Women.

An Informal Reception.

Dr. and Mrs. Grigsby gave an informal but very delightful "musicale" at their handsome and hospitable home last Saturday evening.

Mrs. Dr. Ridge of Kansas City rendered several vocal solos very expressively. Her Scotch songs were most charming. The lady has a gracious and felicitous manner that is pleasing.

Mr. Sauter of Boonville played several piano selections by eminent composers in a brilliant manner. His tone pictures give evidence of an intelligent study of musical expression.

Mr. Achenbach and Mr. Wadell played a number of selections for the violin and piano in a captivating style. The encore, "Love's Conflict," was given most exquisitely.

Miss Ella Griggs favored the company by giving a pretty rendering of "Melodie" from Rubenstein. Her naive and graceful manners are as pleasing as they are unaffected.

The evening passed off pleasantly. Among the guests were Dr. Ridge of Kansas City, Dr. and Mrs. Crews, of Warensburg; Misses Bettie Nickerson, Lucie Nickerson, Mary E. Odonnell, Anna Grover Rogers, Ida Christopher, and Minnie Logan of Warrensburg.

At The Christian Church.

A good audience greeted Rev. Mr. Myers at the Christian church Wednesday in spite of the threatening weather. His theme was:

Three Rounds in the Ladder of life. It was based on Jacob's Vision at Bethel as recorded in the 28th chapter of Genesis.

The speaker said that Isaac represented people who never do anything very wrong because they never do anything.

Men who never makes mistakes never gains victories. He who makes mistakes makes something else.

Jacob thought he could get away from the old life, from conscience and the memory of his deception, by fleeing, but he found God was at Bethel as well as in his father's home. Jacob fled, but the storm was God calling him back to duty.

Jacob became a man of God because at Bethel he returned from his sin, recognized the claims of God, and began to make the best out of his hard lot. With repentance came faith and hopeand reformation.

There will be services nightly running through this week.

The subject for tonight will be "The Creed of the Church."

The Christian Church Concert.

An audience of about over one hundred persons heard the concert last week in the Christian church. Owing to the non-arrival of the dynamo the electric light could not be used, but lamps were used instead. The pipe organ, the first ever in Warrensburg, was manufactured by Messrs. Kilgan & Son of St. Louis.

After introductory remarks by Prof. Dutcher, an organ solo was rendered by Prof. A. H. Sauter of Boonville. It was the "Pilgrim's Chorus" in Tannhauser, by Wagner, and "Traumerei," by Lobmake. At first sight one would not suppose the instrument of 18 stops capable of such music as was drawn from it by the skillful playing of Prof. Sauter.

"Comrades in Arms" was well rendered by Messrs. A. A. Dodd, Wm. G. Thompson, Lewis Trapp, and Albert Morrow. They also sang, in a very pleasing manner, "Old Kentucky Home" as the closing number.

"The Royal Bowman," a recitation by Miss Anna Louise Norris of Pleasant Hill, was well rendered. She recited "Mrs. Josiah Allen's Visit to A. T. Stewart's Store," and other selections in a very amusing way. She expressed herself to a representative of this paper as very well pleased with the acoustic properties of the house.

Miss Ella Pike sang "Always True" in her usual graceful style.

Warrensburg audiences are always pleased to hear Prof. C. H. Achenbach, and his violin solo, "Cavatine," was well received.

Mrs. Dr. Ridge of Kansas City favored the audience with two vocal solos, and was encored both times. Tall, handsome, and elegantly attired, she is also possessor of a voice that shows much cultivation.

As they well deserved to be, Misses Minnie Christopher and Maud Crissey were enthusiastically encored after their excellent rendition of "The Fisherman," but declined to respond.

Prof. Wadell acted as organist during one or two of the numbers.

$60,000 IT IS!

The County Convention Accepts the Committee's Recommendation.

Convention Almost Unanimous on a $60,000 Proposition.

ISAIAH CONTINUES TO BE HEARD FROM, BUT FINALLY SQUELCHED.

A Petition to the County Court For a New Election Granted Saturday.

March 11, the Day of Election.

Saturday's Daily.

The county court house convention was called to order at half past one this afternoon by Chairman Gibson. Owing, probably to the prevailing sickness a very few of the delegates were present. After a delay of half an hour Secretary Benham announced that a quorum was present and the chairman announced that the convention would proceed to business. The minutes of the last meeting were read, and after the usual kick at the finish, the minutes were approved. On motion the delegates present were instructed to cast the full vote for their respective townships.

Mr. Dyer, chairman of the committee on plans and specifications submitted the report of his committee. The report as submitted was published in our issue of yesterday. The committee recommended that $10,000 be added to the first sum, in order that the building might be made fire proof.

Isaiah then proceeded to make an ass of himself, and went so far as to call in question the competency of the committee on plans.

Rush of Jackson, who objected to the $10,000, made a motion to reject the report of the committee. The motion was lost by a vote of 57 to 4. On a motion the committee's report was received. Mr. Higgins then made a motion that the $60,000 proposition be recommended to the people by the convention. The motion was carried.

The convention then adjourned sine die.

Immediately after adjournment a petition to the County Court to call another election was circulated and was numerously signed.

Tuesday's Daily.

Immediately after the convention last Saturday, petitions were circulated asking the county court to order an election for the purpose of building the court house recommended by the convention, which was described in detail in Friday's issue of the DAILY STAR. The court today granted the petition and ordered the election for Tuesday, March 11, 1890.

A BRUTAL BLOW.

Horace Shepard Felled By a Blow From a Ball Bat in the Hands of Thos. Morris.

Thos. Morris is the name of a young man of forceful physique living near Kingsville, this county, who has been attending the Normal since the beginning of the school year. He has attained quite a reputation in this city and among his fellow pupils for a quick, ungovernable temper, and an inclination for "scraps." This impression of the young man received additional coloring by an act of his Tuesday which might have resulted fatally to the object of his wrath.

It seems that four or five of the town boys, of whom Horace Shepard is one, have had it in' for Morris for some time past, and have been gaying him and saying insulting things to him on every occasion, not even excepting when he was in the company of lady friends. Their conduct, it is needless to say, is cowardly and should receive the severest condemnation.

This standing quarrel came to a violent climax in the post office Tuesday afternoon at half past four o'clock. Shepard says he was standing in the front part of the building when Morris passed in. He said he stopped Morris and made some inquiry regarding his Morris' brother, who, also, it seems, has been taking a part in the past difficulties. This seemed to enrage Morris and walking back to where there were a number of base ball bats, and picking up one, he returned to where Shepard was and struck him a powerful blow in the face with the bat. Shepard fell senseless to the floor and remained in that condition until after he reached home where he was taken in a buggy. An examination by Dr. Anderson showed the cheek bone to be fractured and the face badly bruised. If the blow had been a half inch higher on the head, death would have resulted instantly. Morris gives the same account of the affair as the above, but says that Shepard, even after he turned away from him, continued to guy and chaff him, and in a fit of anger he struck the blow.

While no one excuses Shepard nor his companions for their exasperating conduct, every one condemns Morris, with his great physical power, for striking a boy with such a murderous weapon. A man with such an ungovernable temper is not only a detriment to the institution he attends but a dangerous character generally.

Morris was arrested and placed under $200 bond for his appearance today, the time set for his trial.

THE ELECTRIC ROAD.

EVERYTHING ARRANGED FOR ITS IMMEDIATE CONSTRUCTION.

To Cost $40,000 and to Be Completed May 10.

Tuesday's Daily.

Mr. J. H. Christopher, the popular and energetic proprietor of Pertle Springs, returned yesterday from St. Louis, and was seen by a STAR reporter and asked in regard to the construction of a dummy or electric road between this city and Pertle Springs.

"I have satisfactorily completed all my arrangements," said Mr. Christopher, "and am prepared to say positively that the road will be built. The power used will be electricity, and the machinery and equipments will be of the best manufactured. The carrying capacity will be equal to any emergency."

When do you expect to have the road completed?

"My contracts will call for the road to be completed and in operation by May 1st, or 10th at the furthest."

What will be the cost of the line?

"The road, when completed, will represent an outlay of about $40,000."

Mr. Christopher made arrangements while in St. Louis with the Mo. Pacific road, whereby a ticket over his road will be sold with all excursion tickets from any point on the Mo. Pacific to Warrensburg.

THE NEW HOUSE OF WORSHIP.

The Christian Church Paid for And Then Dedicated.

The dedication of the Christian church took place Sunday morning. The other churches had no services, and the building was filled to overflowing. Prof. Sauter of Boonville presided at the organ, and began at 10:30 with an organ voluntary. "Rock of Ages" was chanted by the choir, and "Coronation" was sung by the choir and congregation. Hev. R. A. Halloway of the M. E. Church, South, read the 124th Psalm. "Nearer, my God, to Thee," was sung by Mrs. Dr. Ridge of Kansas City. A short Scripture lesson was read by Rev. W. R. Painter of the Baptist Church. Rev. D. E. Stouts of the First Presbyterian Church led in prayer.

An address was then delivered by Rev. F. M. Rains of Topeka, secretary of the Board of Church Extension of the Christian denomination. His remarks were based on a passage in the 4th chapter of Mark. He spoke for about forty minutes on the growth of the church and its evidences of prosperity. He is very optimistic in his views, and thinks the Church and world are better now than at any other time in their history. He drew some very amusing comparisons between the religion of the past and that of the present. He spoke very highly of the work of the congregation here, said it was the best building for the money he had ever seen, and declared that the building committee must have "swindled some one." He then proceeded to raise the money necessary to finish paying for the church.

Prof. Dutcher, of the building committee, read a statement showing the entire cost of the property, when completed, to be $18,000, of which all had been paid except about $6,300. A spirited canvass was then made, and in about an hour the entire amount had been pledged, and about $300 more. As a result of money Rev. Rains is a decided success. A short dedicatory service closed the exercises of the morning.

The communion service was held in the afternoon, and at night a sermon was preached by Rev. Rains.

The singing of Mrs. Dr. Ridge of Kansas City was very much admired, and of the highly artistic playing of Prof. Sauter we one of the most pleasing features of the occasion.

RUSSIAN INFLUENZA.

Almost every one is now interested in knowing the proper treatment for this disease. According to the best authority it requires precisely the same treatment as a severe cold, and it is generally known that there is nothing better for a severe cold thanChamberlain's Cough Remedy, taken as directed. Extreme care should be taken to keep the feet dry and warm, the body well clothed and to avoid exposure, especially when recovering from the disease, and to keep up the vitality. Persons physically weak should take tonics to keep up their strength. It is also important that the bowels be kept regular. In ordinary cases it likely to require further treatment than this to insure a complete recovery. For sale by E. N. Johnson.
